

MONSTER HIRING MANAGEMENT ENTERPRISE

2021 ACHIEVEMENTS

Updated the **applicant military service history** and **veteran claims** in alignment with USAJOBS profile updates

Provided an **eligibility question set management** and **rules configurator** that allows agencies to fine tune requirements

Expanded **document options** for PC Work Request functionality provides additional classifier controls

Facilitated ongoing **migration to AWS and CI/CD framework** to support FedRAMP authorization and improve software delivery

Built **customizable duty** and **factor level statements** in PD Builder supporting “pen” and “ink” edits

Implemented new **Reasonable Accommodation Request** feature for Assessments to simplify the review process
